Antioch Women Keglers Win Places at Waukegan Singles, Doubles Meet

Antioch women bowlers were in the money in the doubles and singles events of the Waukegan Women's Bowling association recently at the O'Farrell lanes.

In the Junior division doubles Isabelle Cook and Millie Gaston bowled 1125 to take \$20 in prize money.

In the major division singles the results were Isabelle Cook score 583, \$7.50; Ruth Seyforth 580 for \$7; Norma Tiede 554 and Marge Anderson 554 for \$2.60 each.

In the Junior division singles Ruth Gaston bowled 567 for a \$6 prize.

All events, Junior division, Millie Gaston 1572 prize \$3; all events, major division, Marge Anderson 1671, \$6.

Ladies Major League

Antioch Cafe took two games from Bussie's Lounge this week. Louise Keulman was high for Antioch Cafe with 503. Mary Cook had 433 for Bussie's.

Tiede's Insurance won two games from Blum's Tavern to maintain a tie with Antioch Recreation for first place. D. Ferris was high for Tiede's with 537 while M. Effinger rolled 530 for Blum's.

Blum's dropped two games to Antioch Recreation. L. Fernandez had 497 for Blum's and H. Beduhn topped Recreation with 487.

Women's Handicap League

Antioch News and Club Villa by 2 victories and a loss apiece, are still tied for first place in the Women's Handicap league. In 2nd place is Pagel's and Bud's is in 3rd.

The week's high games went to Club Villa with 796 and high series of 2251. Second high for the week was Ehrhardt's 786 game and 2146 series.

Norma Tiede's 191 game and 505 series topped the individual scores. Marge Anderson had a 183 game and Charlene Jorgenson a 480 series.

Competition is still running high in the league, although only 12 games remain to be bowled. This has been a successful year as well as a closely matched one in that the women's averages in general are higher than usual. Over half the women are bowling 137 or better in comparison with last year when at the end of the season the mean average score was 134.

Men's Major League

This is the last week of play for the Men's Major League.

Snow White stepped out and won all three games from Lee's. Carney was high with 598.

Gus and Betty won two games from Neilsen's, and Bussie's won (Continued on page 5)

Tourist Cabin Burns at Sis and Wally's Tuesday

The fire department made a quick run to Sis and Wally's Gateway service station, Skokie highway and Rte. 173, Tuesday forenoon in putting out a fire in one of the tourist cabins. The contents were consumed, however, and the dishwasher at the restaurant who lived in the cabin lost all of his belongings. The cause of the blaze is not known.

A run also was made to Indian Point where slight damage was done to the house of Warren Edwards. Sparks from some unknown source set fire to a joist in the flooring. The damage was slight.

Television Relay Tower Being Built Near Wilmot, Wis.

A television relay station, a part of the network being built by American Telephone and Telegraph Co., is now under construction about one-and-one-half miles south of Wilmot, Wisconsin. The tower, which will be about 100 feet high, will be one of three to be built to carry ultra short waves for television transmission between Chicago and Milwaukee. Location of the other two towers will be at Lake Zurich and Prospect, Wis.

Since microwaves do not curve, it is necessary to place the towers in such a way that they would be in direct line with no obstruction between.

Attends State Convention
Melvin Stillson and Miss Naomi Miners of the Antioch Township High school faculty will attend the industrial arts branch of the Illinois Vocational Teachers meeting at the Morrison hotel, Chicago tomorrow and Saturday. They went to Chicago today.

Antioch High to Open Track Season Tuesday In Triangle Meet Here

Tryouts Tomorrow Afternoon, First Underclass Meet Here Apr. 20

Antioch High school will open its track season in a triangular meet here next Tuesday afternoon with Grant and Warren township high schools.

Three days later, on Friday, the Sequoit squad will go to Palatine to compete with Palatine and Barrington.

Members of the team will be selected tomorrow afternoon on the basis of time trials. Coach Maurice Krizan has a good idea as to his top point winners but does not know yet who his second and third place winners will be. Tomorrow's trials should tell.

Coach R. Paynic will put the Freshman-Sophomore team through its paces for the first time this year in a meet here with Palatine on April 14. Meets with Zion here Apr. 23, and Barrington there on Apr. 29 will follow.

The varsity schedule calls for a meet with Grant Township high here April 20, with Wilmot a possible third contestant. Next the Sequoits will take part in the Palatine relays April 24, will meet Zion at Zion May 12, and end the season at the conference meet at Palatine May 20.

4-H Club Leaders Meet Tomorrow at Grayslake, Club Work Is Explained

Leaders of Home Economics 4-H clubs will meet for their first training school of this season on Friday, April 2, from 1-4 p. m. at the Home Bureau office in Grayslake. New clubs are being organized at the present time. Five or more girls and boys between the ages of 10 and 20 and an adult leader are the only requirements to start a club. Complete directions and supplies for club organization will be given at this April 2 meeting.

Lake County boys and girls who take part in 4-H club work have a wide range of activities from which to choose, according to Mrs. Volk. Girls learn how to make their own clothing, to decorate their rooms, to prepare nutritious meals and to preserve food.

Mrs. Volk explained that 4-Hers watch their health habits, learn to know good music and become better citizens by learning to work with others in a democratic organization. They take part in county judging activities and give demonstrations, two activities that give them poise and teach them to assume responsibility.

"But it isn't all work," she pointed out. "4-H Club members have lots of good times together, and they make many friends through county, state and national activities. Any club wishing to organize should have their leader present on April 2."

Mrs. John Darby, 87 Dies at Boulder, Colo.

Mrs. John Darby, 87, a resident of Antioch many years, died at Boulder, Colo., March 15, according to word received here this week. The funeral service was held at Boulder March 18, and burial was there beside her husband. Mrs. Darby was a past president of the Antioch Woman's club, and was exceptionally well known here. She and Mr. Darby came here from Iowa and they lived on a farm near Lake Villa for a while. She contributed greatly to the culture of the community.

Chicago Couple Hurt In Accident Sunday

Ray P. Machal, 22 of 8747 Stoney Island ave., Chicago and his wife, Mary Ellen Machal were hurt in an accident Sunday night on Rte. 41 north of Rte. 173. Machal swerved his car in trying to avoid a car that made a left turn in front of him and crashed into a parked truck. He suffered a shoulder injury and his wife possible rib fractures. The rescue squad took them to St. Therese hospital where their injuries were dressed.

Exchange of Property Will Straighten New Road Paralleling Main

Legal steps are being taken by the village board to convey to Charles Ackerman a triangular strip of ground at the intersection of Orchard St. and the proposed new road west of Main st., in exchange for a similar strip from Ackerman to straighten the new street.

An agreement was reached on the exchange at a special meeting last Friday night and Attorney McGaughey was asked to draw up the papers.

There was said to have been some talk at the meeting of widening Orchard street at the intersection of Main st., but no action was taken.

There was no action on the proposed new road to the sewage disposal plant.

Mrs. Louis Gandt Dies at Silver Lake, Wis.

Mrs. Lilly Gandt, 58, wife of Louis Gandt, of Silver Lake, died at her home Friday, March 26, following a lingering illness.

She had spent all of her life in the vicinity of Wilmot, Wis. Surviving are her husband, Louis, a daughter, Mrs. Leo Bardian, of Silver Lake, and three sons, Herbert of South Dakota, Louis Jr., of Wilmot and Russell, of Silver Lake.

The funeral service was held Monday at the Peace Lutheran church at Wilmot, and burial was at Wilmot cemetery.

Howard J. Flood, 58 Dies Unexpectedly at Home in Bristol, Wis.

Howard J. Flood, 58, of Bristol, Wis., died unexpectedly Saturday, March 27, at 8:30 p. m. at his home as the result of a heart attack.

A resident of Antioch for eight years, Mr. Flood had gone to Bristol to live only three weeks prior to his death. He lived in Warren township before coming to Antioch. He was born at Gurnee, Sept. 18, 1889 and had spent his life in Lake county engaging in farming.

Surviving are his wife, Phila, four sons, Shelburn, of Denver, Colo.; Wilson of Fox Lake; Harry and Glenn of Bristol; and two daughters, Mrs. Mae Druce and Mrs. Theresa Landon of Grayslake.

Mourning his death are nine sisters, Mrs. Annie Zorns, Chicago; Miss Laura Flood, Mrs. Birdella Williams and Mrs. Lowell Peterson of Gurnee; Mrs. Sadie Vincent, Mrs. Madge Howard; Mrs. Vida Foxworth, Mrs. Dorothy Murrie and Mrs. Eltha Pratt of Waukegan; the mother, Mrs. Sarah Flood and a brother, Warren, of Gurnee.

The funeral service was held at 2 p. m. Tuesday at the Strang funeral home with the Rev. Howard Ganster of Waukegan officiating. Burial was in Greenwood cemetery.

Get New Fire Truck Monday

Because the representative of the fire insurance underwriters cannot be here until Tuesday, the new Antioch fire truck will not be delivered here until Monday instead of tomorrow as first planned. The new truck, constructed at Anderson, Ind., must be checked before being placed in use so that a fire insurance rating can be established. This will be done Tuesday.

Nine Acts Lined up for Lake Villa Men's Club Show on April 9 and 10

After two weeks of auditioning scores of acts the program was set today for the Lake Villa Springtime Follies, to be presented April 9 and 10 in the village school at Milwaukee and Grand avenues.

A complete show with all-professional entertainers was selected by Lester Hamlin, president, and Adam Dick, program chairman, of the Lake Villa Community Men's club, which is staging the Friday and Saturday night performances.

The Springtime Follies will be under the personal direction of John Benson, well-known Chicago theatrical man whose long experience is expected to do much toward making the show one of the most polished presentations in Lake county history.

A last-minute break enabled the sponsors to secure an extra act, which will give the Follies a nine-act balanced show that is expected to appeal to young and old.

Nine Acts Signed

The nine acts will be supplemented by the piano and accordion music of Jackie Faust, who has appeared before in other Lake county shows. Professional performers who have been signed for the two-night show are:

1. Virva Bell, an extremely talented tap dancer.

2. Phil Mica, whose xylophone repertoire has delighted Chicago audiences.

3. Priscilla Jane Repp, the pint-sized prima donna, who makes up in quality what she lacks in size.

4. Danny Ross, comedy magician who is counted on to keep the customers laughing so hard they won't see him pull the extra rabbit out of the hat.

5. Alfredo and Rosita, suave and distinguished Spanish dancers, whose technique has won them much acclaim.

6. Ann Suter, a singing comedienne, who hands out good fun.

7. Mike Gasca, a comedian who does an outstanding novelty balancing act.

8. Pat McCafferie, who doubles in brass with more than his hot clarinet. He will be master of ceremonies in between his turn of comedy, songs and monologues.

9. Arizona Jack and his daughter, Texie, who are counted on to lift up the audience with their Western novelty act with ropes and whips.

Hamlin and Dick told the Antioch News today that no effort has been spared in putting together a vaudeville program that will have plenty of laughs, music and just downright good entertainment.

August Koppen Of Lake Villa, Dies Funeral Saturday

August Koppen, 84, of Lake Villa, passed away at Victory Memorial hospital, March 31, at 9:30 p. m., following an illness of three weeks. He was a member of the Half Century club of Modern Woodmen.

Survivors are six daughters, Mrs. Frieda Fairman; Mrs. Ann Frazier; Mrs. Emeline Hall; Mrs. Winnie Davison; Mrs. Rose Remer and Mrs. Gertrude Zenor and four sons, Fred, Frank, Louis and Ben, twenty-three grandchildren and five great grandchildren.

Funeral services will be held Saturday, April 3, from the Strang funeral home, with the Rev. Dwight Dixon in charge. Burial will be in Angola cemetery.

Mr. and Mrs. C. E. Gaffey left this week for a vacation in Florida.

Cardinal Lines to Improve Schedules After April First

Beginning today improved schedules will be inaugurated by Cardinal Bus lines according to an announcement made this week. The company has purchased six of the latest type, deluxe buses and it is hoped that they can be used in the local service. An announcement with the changes in the schedule is carried on page six of today's News.

The six coaches represent an additional investment of \$100,000. Cardinal's present fleet of large inter-city type buses now number 35. These new coaches have many new improvements, including comfortable air-foam reclining seats, power ventilation, improved type of spring suspension and numerous mechanical improvements as well as a motor developing more horse-power.

Cardinal Lines recently took over four routes formerly operated by the American Coach company, one, Channel Lake-Antioch-Grayslake-Gurnee, Waukegan; two, Channel Lake-Antioch-Lake Villa-Grayslake-Libertyville-Chicago; three, Fox Lake-Round Lake-Grayslake-Waukegan, and four, Fox Lake-Round Lake-Grayslake-Libertyville and Chicago.

It has now operated these routes for the past 30 days and on April 1st it will inaugurate improved schedules over all four route. Additional improvements are contemplated during the summer season when passenger traffic to and from the numerous lakes in Lake County increases substantially.

The company is wholly owned by the Peterson family of Janesville, Wisconsin, consisting of Edw. I. Peterson, his six sons, Thos. E., L. Joe; Paul A., Leo W., James R., and Owen L. All are active in the management and operation of the company. Leo W. has been placed in charge of the Lake county operations and his headquarters are temporarily located at Channel Lake.

First Boat Club Meeting Set for Saturday, Apr. 3

Announcement was made this week that the first meeting of the Chain O' Lakes Boat club will be held Saturday, April 3, at the Helvetia hotel, Fox Lake, Ill.

In a letter addressed to all members of the club, Commodore Eddie Zender announced the resignation of F. S. Pavitt, secretary. Pavitt has held the position since the organization of the club, and poor health is given as the reason for his action. A successor will be chosen at the meeting and Nat Hill and Eric Bark are listed as the board of governors' choice. Other nominations may be made from the floor at the meeting.

The letter states that all persons who may be interested in the work of the club, which includes sponsoring a series of races on the Chain O' Lakes, a safety program and social events throughout the season, are invited to attend the meeting.

A tentative program for the 1948 racing season will be announced, and proposed changes in the by-laws will be acted upon. Time for the meeting is 8:00 p. m.

Bus Strike at Waukegan Ties North Shore Line

Transportation became a major matter of discussion in Lake county this week.

The strike of Waukegan-North Chicago bus men participated a strike over the North Shore Line in general and made the Cardinal Coach line and Soo line the main sources of conveyance to Chicago from Antioch.

The Cardinal Lines, new to Lake county, had its troubles too. It was denied admission to Madison by the Wisconsin P. S. C. and will go to court to fight for the opportunity.

Brother of Fred Peterson Dies at Home in Richmond

William (Poley) Peterson of Richmond, brother of Fred Peterson, of Antioch, died at his home Tuesday, March 30 at 2 a. m., following an illness of several years. The funeral service will be held Friday afternoon at the Ehorn funeral home in Richmond. Burial will be in Linn Hebron cemetery.

Lakeland Players Give 'Whole Town's Talking' Tomorrow and Saturday

Three-act Play to be Staged At Antioch Township High School

A good crowd is expected at the play "The Whole Town's Talking," which will be given tomorrow and Saturday evening at the Antioch Township High school by the Lakeland Players.

It will be the first production by the newly organized group and promises to be a success. It is directed by Bette Meyer and Bud Roberts will serve as master of ceremonies.

The cast is as follows: Mrs. Simmons, played by Mary Ann Luedtke; Annie, by Beverly Roberts; Taxi driver by Harold Nelson; Mr. Simmons by William Nelson; Ethel by Arlene Nelson; Shields by Robert Lindblad; Chet Binney by Homer LaPlant; Lila Wilson by Dorothy Lindblad; Sally Otis by Myrtle Grootveld; Swift by Wendell Nelson; Letty Lythe by Viola Nelson; and Sadie Bloom by Marian Berkheiser.

Cancer Fund Drive Will Proceed Through April With Quota at \$23,350

In conjunction with the American Cancer Society's 1948 drive for funds, the Lake County chapter will hold its campaign during the month of April. Quota for the county is \$23,350.

Dr. Robert D. Coghill, Lake Bluff, director of research at Abbott Laboratories, North Chicago, is chairman of the county drive. He will be assisted by the following sub-chairmen:

Charles E. Twadell, Jr., Libertyville-Mundelein; Mrs. William A. Martin and Mrs. Ralph Herschberger, Vernon; E. F. Englehard, Deerfield-Bannockburn; E. J. Loewenthal, Highland Park; Adolph H. Wolff, Lake Bluff; Miss Elaine Shiner and Mrs. Fred French, Lake Zurich; Mrs. Maurice H. Bent, Lake Forest and Mrs. Warren Chard, Grayslake.

Letters explaining the purpose of the drive and the use to which the funds will be put will be mailed out by three subchairmen. Funds will be allocated on a national, state and local basis for research, information centers, diagnostic clinics and medical care. Checks should be made payable to the American Cancer Society and mailed either to the local chairman or to the Lake County chapter of the society, 133 Belvidere St., Waukegan.

Two 16 mm. sound movies are available for showing before groups interested in the campaign against cancer. They are an 11-minute animated cartoon entitled "The Traitor Within" and a 20-minute dramatic story entitled "Time is Life." Arrangements for the showing of the movies and for speakers can be made by getting in touch with the county chapter headquarters.

Dale Barnstable on Team From Which Olympic Squad Will Have Five Members

While he will not be privileged to be on the Olympic basketball squad that will represent the United States at London, England, Dale Barnstable of Antioch, member of the University of Kentucky team has been a member of the squad from which five regular players will be selected for the trip.

Playing in Madison Square Garden before thousands, Kentucky mowed down one team after another to appear in last night's finals with the Bartlesville Oilers. They defeated Baylor University, Columbia, and Kentucky Western running their victories for the season to 34 with but two defeats.

Five of the Kentucky team were privileged to be among the 14 who will comprise the U. S. squad. The Kentucky coach chose the starting five. Barnstable played in all games a part of the time and could be considered seventh man on the team. He probably will be a regular next year.

Postoffice Opens Wednesdays
Because rules have been liberalized to permit more help the Antioch postoffice will be open on Wednesday afternoons starting Apr. 7. Heretofore the office has closed at noon on Wednesdays. Oliver Hunt will start as a substitute clerk on Apr. 1.

House Cleaning Due in Colleges

James B. Conant, president of Harvard, recently said: "The nation has a right to demand of its educational institutions that the teachers dealing with controversial subjects shall be fearless seekers of the truth and careful scholars rather than propagandists. But granted honesty, sincerity, and ability, there must be tolerance of a wide diversity of opinion."

No one can quarrel with that doctrine, and it could well serve as a model for any university in a free country. However, it is evident to anyone who has even a cursory knowledge of modern teaching that much of the instruction on controversial problems is warped and biased. This is done, in many cases, by individual teachers who are trying to sell some ism or other. And it is done in many cases by text books which bend the truth in order to hew to what amounts to the party line.

It is one thing, for instance, to show the student what socialism and communism and the nationalization of industry involve, as contrasted with a capitalist or free economy. It is a very different thing to deliberately make it appear that the super state is the answer to the ills of mankind, and unfortunately that is an impression that emanates from many colleges today. It is all very well to discuss what may be wrong with the American system. But, at the same time, we must honestly teach what is right in the American system, as proved by the results it has achieved for the masses of people.

Academic freedom is as basic as any other freedom. It must be protected from fanatics on either the right or the left wings of political and economic thought. But it must justify itself, as Dr. Conant said, by fearlessly seeking the truth—not by tearing down the principles which make possible the freedom of some professors in American universities to promote political and economic philosophies which, if adopted, would destroy the liberties and opportunities on which our nation was built.

Planned Confusion

It is apparent that the restoration of price control will be a major political issue this year, and that it will cut across party lines.

To the uninitiated, the idea is obviously appealing. It suggests the economic Utopia of a low cost of living coupled with the highest family incomes we have ever earned.

It is difficult to puncture so pretty a balloon as this. Yet it is necessary to report that no economist of reputation thinks that price control would work, or that it would create anything except chaos. It has been an utter failure in Europe—even when the toughest police state methods have been used in an attempt to make it a success. Manufacturers and farmers refuse to produce foods and commodities on which an arbitrary low price deprives them of profit. Scarce items—including many basic necessities—can be purchased only in the black market at fantastic prices. The big money is earned by racketeers

and gangsters. The shelves of legitimate stores are bare, and the living standards of workers decline.

High prices in this country are the result of irresistible economic and governmental forces. They aren't the fault of retailers, manufacturers, or any other of the special groups which are singled out for criticism. That will still be true whether they go up or down in the future. Price control here would mean our acceptance of a totalitarian device which has never succeeded, and has been a depressive influence wherever tried.

Our Oil Reserves

During 1947, consumption of oil reached a record peak. Yet the nation's proved petroleum reserves increased by 700,000,000 barrels. This important fact is found in the annual joint report of the American Petroleum Institute and the American Gas Association.

The achievement was the result of the industry's aggressive, accelerated work in discovering new oil pools and extending the known fields. During the year, we used up 2,000,000,000 barrels of oil—and we found 2,160,000,000 barrels. At the end of the year, our proved reserves within the United States were close to 25,000,000,000 barrels as compared with 16,000,000,000 ten years ago.

These figures refer solely to proved or blocked-out reserves, and they include only oil and natural gas liquids recoverable under existing economic and operating conditions. They do not include crude oil in unproved portions of partially developed fields; oil in untested prospects; oil that may be present in regions believed to be favorable; oil that becomes available by secondary-recovery methods; or synthetic fuels that may be made from coal, shale or other materials. In other words, the estimates take no cognizance whatever of production from sources which the scientists believe may be virtually without limit.

Here is the answer to those who fear a drastic and increasing oil shortage. As we use more oil, the industry blocks out even more oil. Furthermore, in the past, the known reserve statistics have always proved to be very low. In all probability that will continue to be true.

The Low Down From Hickory Grove

Well you know folks, for some diversion, we have something to look forward to this coming summer—the election. It will get our minds off "saving the world"—maybe get us back to giving some heed to saving our own U. S. A.

I have in mind—to live things up even more—a plan to get the South and North together on one ticket. The South has been out in the cold too long.

While Uncle Harry is in a sweat and losing oldtime democratic friends in the South, right and left—and Mr. Wallace is out with his calliope and stirring up the animals—and Mr. Dewey and Mr. Taft and Mr. Stassen are in a Battle Royal, as they say in fighting circles—is a good time to slip over a new kind of ticket. As a sample, take a couple of persons like this Southern Mr. Soreback Byrd and you put him on a ticket with this Buckeye feller Bricker, and it might be a long shot to put some money on. What this country needs is not a double or a triple genius candidate. What a candidate should have, is what Mr. Washington had—common sense, or in Hickoryvornac, horse sense. My ticket has it.

Now, come on folks, let's have your ticket.

Yours with the low down

To Republican Voters of the 13th Congressional District

At the polls on April 13th you will elect two delegates who will help select the Republican nominee for President of the United States. This will be one of the most important decisions in all history.

After careful consideration of the several candidates for delegate, this committee of citizens of your district urges that you . . .

VOTE FOR JAMES H. DOUGLAS, JR.

Douglas is unanimously endorsed by the Republican Committee of this Congressional District. Known to stand for American principles and business-like administration, and with practical experience in public affairs, he is highly qualified to represent you at Philadelphia. His single purpose will be to help select as your candidate the nominee who as President will best serve the people of the United States, realistically seeking to advance peace and freedom in the world.

Douglas is not committed to any candidate. He will welcome your views as to candidates and will work effectively with the Illinois delegation.

If you agree that the work of the Convention calls for delegates experienced in business and economics, patriotic, fair and well balanced in judgment, work and vote for James H. Douglas, Jr. and urge your neighbors and friends to vote for him.

SOCIETY EVENTS

British Woman Will Address B. P. W. Club At Lux Home Monday

The Antioch Business and Professional Women's club will be addressed at its meeting Monday, Apr. 5 by Mrs. George Harrison, of England, wife of the exchange teacher who is now on the Waukegan Township High school faculty.

She will speak on "Women's Clubs in England."

Mrs. C. N. Lux will be the hostess on this occasion.

Mrs. Harrison has been in Waukegan since late last summer and has been able to observe American Women's clubs so that she can explain and describe British women's clubs well by comparison.

Antioch Chapter Observes Past Officers Night

Antioch Chapter No. 428 Order Eastern Star observed past matrons and past patrons night Wednesday evening in the Masonic hall. Eleanor Micheli and Robert Wilton served in the East and Arthur and Julia Rosenfeldt were in the west. Maud Sabin, past matron and a charter member of Antioch Chapter was guest of honor.

All other officers were filled by past matrons and past patrons. Mrs. Kopriva, soloist, sang several numbers during the meeting.

Following the meeting the guests were entertained with moving pictures which the Star made several years ago.

Luncheon was served from beautifully decorated tables in the dining room.

LINDA KATHERYN PALENSKI BAPTIZED EASTER SUNDAY

Linda Kathryn, infant daughter of Mr. and Mrs. Edmund Palenski, was baptized at a ceremony held at the home of Mr. and Mrs. Andrew Dalgard, grandparents of the baby, Easter Sunday. The Rev. G. Richard Tuttle had charge of the ceremony.

METHODIST CHURCH SCHOOL AGAIN BREAKS RECORD

The Antioch Methodist church school enjoyed Easter Sunday by breaking its attendance record. The previous record of 230 was set on March 7th, according to the church school superintendent, Bernard Guillaume. Easter Sunday the attendance was increased to 239 regular church school members. There were also several visiting parents who were not included in this total.

Methodism is conducting a two year drive to increase attendance in the church schools. Each Sunday school in the Northern Illinois district has a goal set to increase its membership by 42 per cent. Antioch had a membership of 145 last summer and was given a goal to meet of 206. The enrollment has surpassed 250 and is nearing the 260 mark to date.

Antioch to Be Site of Plant to Manufacture Portable Gasoline Motor

Manufacture of a portable gasoline motor that can be changed from one utility to another quickly and with ease soon may be manufactured here in Antioch by a firm to be known as the Gresengine Corp.

Ed Gresens, designer, and William M. Dusek, production expert, both residing in Felters subdivision, have taken out patent papers and are arranging incorporation so that they may soon start production in space provided in the basement of the Ford garage.

The motor is a simplified machine common in many aspects to any gasoline motor but is much lighter than most on the market. The patentable aspect of the machine is the fact that it can be mounted in 16 different ways for operation making it adaptable to many machines.

Gresens and Dusek have listed a score or more of machines the motor can operate. It can power a lawnmower, an inboard motor boat, feed grinders, portable saws, cultivators, water pumps, bench machines, and any other instrument a motor might drive.

The motor will first be manufactured at two-horse power at first and at 6-h. p. later. If the factory succeeds a new building will be erected for it.

Gresens is at present employed as an engineer for the Sparkler Mfg. Co., at Mundelein. He designed

the motor in 1939 and Dusek made the pilot model in 1942.

"We have the machinery ordered," said Gresens, "and will have a steady supply of parts that we don't make ourselves so we can make 100 units a day."

The motors will sell for \$80 and the bases at \$5 each. By buying bases for each power-driven machine the purchaser need have but one motor for all.

Lake Villa Residents Hurt in Car Accident; Rescue Squad Gives Aid

When he swerved to avoid holes in the pavement, Robert Card, 23, of Lake Villa, lost control of his automobile and crashed into a ditch on Rte. 45 a mile north of Millburn Monday evening.

Card suffered face and chest injuries and Mrs. Lillian Card, 45, riding with him, received head bruises. They were taken to Victory Memorial hospital in Waukegan by the Antioch Rescue squad and treated by Dr. I. L. Breakstone.

County P. T. A. Council Holds Last Session of Year at Libertyville

The Lake County Council of Parents and Teachers held its last meeting of the year on Monday evening at the Central school in Libertyville, with the president, Mrs. William Lippert, presiding. Twenty-two units were represented. The P. T. A. units of the Central and Rockland schools acted as hosts for the evening, with Mrs. Theodore Agnew and Mrs. Ruth Bernard as chairman of the respective groups.

The fifth and sixth grades of the Beach school, under the direction of Mrs. Vera Vickers presented a

delightful musical program. They were accompanied at the piano by Mrs. Louise Franks. Mrs. Vickers also played 2 violin solos "The Holy City" and "The Spring Song".

A round table discussion was presented with Miss Nita Benedict, the council International relations chairman and Mr. Milton Davis, the council Citizenship chairman as principal speakers.

The nominating committee, composed of Mrs. Wm. Cazel, chairman, Mrs. Rockwell Schwartz and Miss Benedict presented its report and the following officers were elected: President, Mrs. Ivan Sengenberger; 1st vice president, Mrs. George Schroeder; 2nd vice president, Mr. W. C. Petty; secretary, Mrs. John Callana; and treasurer, Mrs. Richard Johnson. Mrs. Joseph May, the State P. T. A. Rural Service chairman installed the officers.

The various committee chairman gave their yearly reports. Mrs. Irving Enevold, the council Parliamentarian presented certificates to Mrs. John Snow, Mrs. Ruth Bernard, Mrs. Theodore Agnew, Mrs. Nina Hutchings and Mrs. Margaret Cairns for completing a special course in Parliamentary Procedure. Mrs. Lippert announced that a Juvenile Delinquency Conference will be held April 29 and 30 at the Stevens hotel in Chicago. Two schools of instruction for P. T. A. district 26 will be held on the afternoon and evening of April 28 at Caledonia and on May 5 at Wauconda.

Edison's Contribution

Thomas Edison's invention created billions in wealth for the entire world. It created comfort for hundreds of millions of people. The men who risked their money back of Edison made very little for themselves in proportion to the amount of wealth they created for mankind. Yet, each man probably got 100 times as much for his investment as he originally risked.

Friedle Construction won all three games this week from the Lions club. R. Corrado rolled high series for Friedle's of 544 and B. Manzardo was tops on the Lions with 554.

Carey Electric dropped a pair of games to Stanley's Oakland Resort but B. Hahn of Carey bowled a nice 586 series with a 232 game. E. Kania was high with 568 for Stanley's.

Johnson's Resort won two games from Regal China. H. Pape rolled 512 for Johnson's. H. Cardiff was tops for Regal with 526.

Hairrell's Grocery lost three games to Herron's Mink Ranch. B. Denman had 517 for Hairrell's and G. Bremner rolled 551 for Herron's. Keulman Bros., won two from Salem Business Men with S. Miller 566 high for Keulman's and H. Grewe's 591 tops for Salem.

Lee's Bar lost all three games to Dr. Hays'. E. Petersen had 581 for Lee's and B. Gross rolled high series for Hays of 533.

Wednesday Men's League

Louie and Ed, the league leaders kept up their winning pace by taking two games from the Weber Duck Pluckers. R. Quendenfeld marked up 557 for Louie and Ed, while Jarvis rolled high series of 519 for the Webers.

Golden Glo Dairy by turning in a total of 2624 were able to win two games from the Chev. Sales. Mulligan spilled 'em for 572 for the Dairy and Martin chalked up a big 577 for the R&J.

Lake Villa Electric did right well by themselves by gathering into win column two out of three in their games with the Miller Insurance. J. McTavish produced a big total of 616 for the Electric and J. P. Miller turned in 547 for the Insurance.

Channel Lake Pavilion won all three games from the Lake Co. Sheet Metal Works. David with 492 was high for the Pavilion, and C. Weber, Jr., rolled a big 566 for the Works.

American Legion made it 3 to 0 in their match with the Peterson Food Mart. Corrado was high with 514 for the Legion and Blumen-schein was high for the Mart.

Schneider Bros., Excavators swept all three games into the win column in their set-to with the Nelson's Grill. H. Schneider with 517 led the Excavators and C. Moran was high man for the Grill.

High team series, Golden Glo Dairy 2624. High individual series J. McTavish 616. High game, Martin 253.

R. H. Houlihan Dies in Waukegan Hospital

Richard H. Houlihan, 69, of Lake Villa died Wednesday, March 31, at 5:30 p. m. at the Lake County General hospital, Waukegan, after a month's illness.

He was born May 15, 1879 in Chicago. He had made his home in Lake Villa for the past eight years and previous to that in Chicago.

Among the survivors are his wife, Viola, two daughters, Mrs. Bernice Anderson, of Des Plaines and Mrs. Irene Smetana of Chicago, one son, Harold Dee, of Washington D. C., 7 grand children.

Funeral services will be held Friday at 2 p. m. from the Strang Funeral home.

Gen. Robert E. Wood Asks To Be Delegate To Next GOP National Convention

Election of Gen. Robert E. Wood, chairman of the Board of Sears, Roebuck and Co., as delegate to the Republican National Convention is assured by the recent surge of interest in the Republican presidential nominee race, according to Robert L. Daly, assistant to General Wood in the General's first campaign for any political office.

"Our volunteer workers throughout the 13th District report increasing interest in the Republican party picture," Daly said. "The recent speeches of Stassen and Taft, plus General MacArthur's announcement that he is willing to be drafted, have particularly roused our Republican voters. They see the prospect of an historic convention in Philadelphia and they are determined to elect General Wood delegate to make sure that this district gets the best possible representation."

General Wood has been a resident of the North Shore for the past 30 years, and has taken a prominent part in local, civic, and business affairs during all that time. His name appears on the Republican Primary ballot simply as "Robert E. Wood," rather than "General Robert E. Wood," as he has usually been referred to in newspaper columns. General Wood is a West Point graduate. He was commissioned a Brigadier General in the first World War. In World War II he served as special advisor to the Army Air Corps, flying twice around the world in that capacity, and was awarded the Legion of Merit for his outstanding services. He is a trustee of the Farm Foundation, director of the First National Bank of Chicago, vice president of the Community Fund of Chicago, Honorary President of Boy Scouts of America, North Shore Area Council, member of General Advisory Committee of the University of Illinois. He is a member of the Highland Park Post of the American Legion, and for years has been active in veterans' affairs.

Rescuers Save Starving Pup From Deserted House

MASON, MICH.—A six-month-old, starving cocker spaniel puppy was rescued from a deserted home after it had chewed its way through the side of the building.

The dog gnawed a hole in the gable end of the second floor and made an opening large enough for its head. Attracted by its whines, rescuers freed the pup.

Former owners of the house said they knew nothing of the animal and it apparently had wandered in after they had left.

Hospital Cares for Nurses' Babies so Mothers Can Work

ATLANTA—Formerly when maternity nurses at Crawford W. Long hospital here became mothers themselves they quit professional nursing.

Now the hospital has opened a "nursery for nurses' children" as a lure to old hands needed to assist in the hospital's new maternity center.

This gives the mother-nurse an opportunity to make a little extra money and at the same time assures her that her child is receiving the best of attention.

Teachers Are Good Sports In Grading Difficult Exam

NEW YORK—Parents of New York City high school students have protested that a recent state regent's history exam was too tough for the youngsters.

But difficulties posed by the test were taken into consideration, William A. Hamm, assistant superintendent of schools, said. Students were given the benefit of the doubt if they gave any sort of reasonable answers.

For instance, Hamm explained, if they were asked to name "two ancient sports" and replied "Antony and Cleopatra," they got full credit.

Wooden Water Pipes

Early water piping of England consisted of bored logs. First successful water system there was built of logs in 1609. First cast iron mains used in London were constructed in 1774, and during this time, the little piping found inside the houses was of lead. Colonists in North America were laying water pipes made from bored logs in Boston in 1700 and in Schaefferstown, Pa., in 1732. In 1752 the first pressure system with pumps was built in Bethlehem, Pa. Bored logs still were used for mains and lead for house piping. In 1770 New York City began to duplicate this system.

Crappie Family

The chief difference between the black and white crappie is that the white variety has six spines in the dorsal fin and a plain anal fin while the black has seven spines in the dorsal and a strongly reticulate anal fin. Outside of these two exceptions the two crappies are almost identical in appearance. Each reach a maximum length of 12 inches and weigh slightly more than one pound. Like other members of the bass family, crappie are nesting fish and their spawning habits are similar to those of the bluegills.

New Buses to Serve Lake Region

The above photograph shows three of the new streamlined Aero-buses which will soon be put into service by Cardinal Lines. They along with three additional represent an investment of \$100,000 by the line. They will be used in betterment of the Line's service to its patrons in the Lake Region and Lake county.

Servicenter Will Meet Swedish Glee Club Five In Match Here Sunday

One of the feature attractions of the present bowling season will pit one the Antioch Servicenter five against the Swedish Glee Club, one of Waukegan's strongest match teams. The match is scheduled for the Antioch alleys at 8:00 P. M. Sunday. Servicenter enters the fray with a season record of 15 victims and 5 losses; while the strong Glee club mauled the maples for a "3000" series in winning a Waukegan tournament last weekend.

Spear heading the visitors attack will be none other than Alby Lennarsie, 1948 Lake County Singles Champion, and possessor of a 200 average in Waukegan league play; and Phil Skoff, secretary of the Waukegan Bowling Association, who maintains a 190 average.

Last Saturday at Ingleside Servicenter had one of those bad nights running into all sorts of "railroad" trouble, as they dropped a match by 52 pins to McGrath Tavern. The winners totaled 2673, paced by Geo. Jacques 530 series; Servicenter shot 2621, led by Ed Carney with a 568 total.

Rumors have been floating around Antioch lately that a local group of lads are trying to gather enough courage to challenge the Servicenter team to a grudge match. The instigator of this match is said to be John "Insurance Man" Miller, and his team, the Antioch Boosters

lists the following brave bowlers: Ken Ashe, George Miller, Bill Keulman, Ed Kania and Henry Grewe.

While the Servicenter boys would be the last to admit it, it was suggested that the poor exhibition in their last match was not accidental; rather, that it was intended to give the Boosters the necessary courage to issue their challenge.

Antioch Twp. High School Gets New Tachistoscope

The Antioch Township High school has purchased a new Tachistoscope for use in visual education. The instrument is a projector lantern with a timing device which can expose views as briefly as 1/100 of a second.

The brief exposure may be used to project numbers and thereby teach mathematics pupils how to grasp several digits at a time. This practice also may be used in word groups to teach them to read more rapidly.

The machine can be used for general exhibit purposes too for showing slides in science subjects.

Building Permit Obtained

A building permit was issued by the village to A. L. Feyerabend for the construction of a garage on the lot south of the postoffice at an estimated cost of \$27,500. The building will be of block and brick and will provide a display and sales room besides the shop, it was reported.

Due for Radio Program It has been discovered that the mocking bird can imitate at least 32 songs of other types of birds.

Disabled Surmount Ordinary Obstacles

Strange Course to Teach Veterans Mastery of Everyday Living

MEMPHIS, TENN.—One of the strangest obstacle courses ever devised is bringing independence to disabled war veterans at the vast Kennedy general hospital here.

These men ran courses of another sort during the days of their basic training. They swarmed over ropes, vaulted walls, leapt over embankments, and crawled through tortuous barbed-wire tunnels.

It is primarily for paraplegics—men who are paralyzed in the lower halves of their bodies.

In a building appropriately named "Independence hall," these men sweat out mastery over the obstacles of everyday living—the little problems once met without conscious thought, but now grown monumental.

Crossing a street before the traffic light changes.

Negotiating sand or gravel.

Opening doors and climbing steps.

Finding a seat in a movie.

Final Rehabilitation Step

Independence hall is the post-graduate course for the man who has learned at last to get in and out of bed unaided, to put on his shoes and socks, to walk on braces and crutches. It's one of five divisions of corrective therapy in Kennedy's physical medicine rehabilitation service, headed by Dr. Florence I. Mahoney.

Within its walls are full-scale model doorsteps and bus steps—strips of walking space surfaced with sand, with gravel, with highly-polished wax—revolving and swinging doors, combinations of wooden and screened doors.

Because some of the men have disabled hands, there is a different type of knob or handle on almost every door.

The crutch-bound patient ascends and descends stairways and ramps in Independence hall. He practices entering and leaving an automobile body which has been placed on a platform outside one door. He works his way between rows of seats spaced like those in a movie, or snags a stool at a soda fountain. He races a traffic light across a curb-to-curb space the width of an average street.

Learn Room Hazards

There is a typical three-room apartment in Independence hall,

chairs, thick rugs and other furnishings with which he must cope in everyday life. Elsewhere there are full-length mirrors as a constant reminder for him to practice keeping his head up and his eyes off his legs.

And there are numerous exercising devices for developing the muscles of arms and torso to carry the full burden of the body.

There are, too, lessons in swimming and driving a car.

But for some of the men, even this course of study isn't enough. At least two of them already are flying their own planes. One is working on a commercial pilot's license.

160-Foot Magnet to Assist

In Atomic Energy Research
NEW YORK.—A giant magnet, large enough to hold several houses and lots, will soon be in the Brookhaven national laboratory of the U.S. atomic energy commission.

Plans for the mammoth magnet, which will be 160 feet in diameter, are complete. The magnet will be part of a machine to manufacture

10 billion electron-volt currents for atomic research.

Vicious Dog-Beater Gets

'Stiffest' Jail Sentence

MONTVILLE, CONN.—In what was described by court attendants as one of the "most revolting and vicious" cases involving animals, Joseph Svack, 63, was sentenced to 60 days in jail for beating a dog to death.

According to state police, Svack, a farmer, dragged a collie away from her two-day-old litter of pups and brained her with a hammer because he believed she had killed one of his ducks.

The court said the sentence was the stiffest it could impose for the offense.

Night Watchman for Bees

The trumpeter, the night watchman of the humble bee, awakes the others in the morning.

Farm Population Up
There are 27,500,000 people living on U. S. farms today.

Discovery of Glass
Glass, one of man's oldest materials, was discovered long before the time of Christ, a Libbey historical study shows. Yet despite its antiquity and the fact that it is steeped in centuries of romance, violence and thundering drama, it is in many ways as new as today's newspapers.

Bug Smoke Thrower
One species of beetle, the bombardier, emits an odiferous protective fluid which turns into gas when in contact with air. It looks like a minute jet of smoke.

Insects on Bikini Atoll
Studies of the insect populations of Bikini atoll indicated that the insect population might be termed "normal" for islands of that general area and that no structural anomalies were observed which might have been caused by the blast or radiation effects. Continuing studies of drosophila cultures, taken in living form at Bikini Island, thus far have not revealed genetic abnormalities in excess of normal variability, according to A. C. Cole Jr., of the Bikini scientific resurvey staff.

The Woman's Society of Christian Service will meet at the church basement on Wednesday afternoon, April 7, for the quarterly pot luck birthday dinner celebrating the January, February and March birthdays of members and friends. Dinner at 12:30 followed by business meeting at 2 p. m. Hostesses for the day are Mrs. Marie Hamlin, Mrs. Cora Hamlin and Mrs. Edna Cable. Visitors are invited. This is the first meeting at the church since the remodeling of the basement, and the ladies plan to meet there regularly.

The W. S. C. S. sent a shipment of more than 500 pounds of used clothing to the Goodwill Industries in Chicago last week, and are collecting more, so if, in your spring housecleaning you find something for which you have no further need, remember that there are many less fortunate people who might be glad to have that particular thing. Goods are collected at the Chas. Hamlin garage.

Mrs. Everett Lucas and baby daughter, of Waukegan, spent Sunday with her parents, the Wm. Walkers, east of town.

Paul Avery, Sr., who has occupied the Bixler property on Cedar Ave., for a number of years as his place of business, has recently purchased the building.

Mrs. Charles Kapple and Mrs. R. C. Hallock, of Grayslake, called Sunday afternoon at the Albert Kapple and Charles Hamlin homes.

The Pinochle club met Monday afternoon instead of Tuesday this week with Mrs. Frank Valenta at her home at Ingleside for a pot luck supper and games of pinochle during the evening.

Mr. and Mrs. Edwin Kapple and children and Mr. and Mrs. Charles Rothers and daughter, of Chicago, also Mr. and Mrs. Edwin Krook and daughter, of Waukegan, spent Easter Sunday with their parents, Mr. and Mrs. Albert Kapple.

Frank Sherwood, of Chicago, spent a few days last week at the Delbert Sherwood home, called on friends and attended the golden wedding celebration of Mr. and Mrs. Charles Richards, at Antioch on Tuesday last week and the funeral services for Roy Murrie on Wednesday.

Mr. and Mrs. Neil Riedel and daughters spent Sunday afternoon and evening with Mrs. Riedel's parents in Chicago.

Mr. and Mrs. Clare Sherwood have returned to their home here after having spent the winter

months in Florida.

Mrs. Paul Avery, Sr., entertained the ladies of the Sewing club at a luncheon at her home last Thursday afternoon. Mrs. Eugene Sheehan and Mrs. Dudley Kennedy, of Antioch and Mrs. Grace Timmersman were guests.

Mr. and Mrs. B. J. Galiger and Mr. and Mrs. Edward Lundgren attended the wedding of their son and brother, B. L. Galiger to Miss Jewel Stafford, at Libertyville last Saturday, and Mrs. B. J. Galiger is at Libertyville this week while the newlyweds are away.

The Earl Hucker house occupied by the Edward Ward family, is being moved to its new location between the Madsen home and the Effinger store. In the meantime the Ward family are staying at the Hucker home.

Mr. and Mrs. Edward Hogle and Mr. and Mrs. Arthur Sams, of Waukegan, spent Sunday with their mother, Mrs. Martha Daube and the William Gallagher family.

Mr. and Mrs. D. S. Boyer have returned from a very pleasant vacation trip to Florida.

Mr. and Mrs. Will Fish, of Waukegan, were guests of their son, Jake Fish and family on Easter Sunday.

Mrs. Mary Hook and son, William, are preparing to occupy the apartment in the building used by John Effinger as hardware store, recently vacated by the Tiede family.

Mrs. Marie Kelly, her sons, Edward and Clarence Kelly, of Waukegan, Mrs. Mabel Baker, of Evanston, and Mrs. Marie Anderson, of Lake Villa, were dinner guests of Mr. and Mrs. Clarence Blumenfeld last Friday evening in honor of Edward Kelly's birthday anniversary.

School reopened on Tuesday after the Easter holiday vacation.

Mrs. Charles Madsen had her sister from Zion as her guest a few days last week.

Mr. and Mrs. Don Oilschlager have purchased the Leonard property on Grand Avenue and are moving and getting settled. Mrs. Oilschlager and children visited relatives at Wisconsin Rapids last week.

Mr. Michael Murphy and Lucille Cherry, of Libertyville, were united in marriage at Allendale chapel on

Monday evening by Rev. Dwight Dixon of the Lake Villa Community church in the presence of a few friends and relatives. They will make their home in the Thorn subd.

YOUR OLD FLAME

HAS THE New Look ...

THE NEW AUTOMATIC GAS RANGE!

THE LONG-TIME favorite range of all America—the range with the clean, blue GAS flame—has the "new look".

Yes, and now it's possible to replace your old range with one that's much more efficient. New ranges are available. Today's new GAS range still has all the features that have won the praise of women everywhere and best of all it has every modern feature you've dreamed of having... including automatic cooking—it can turn itself on and off while you're away.

The new GAS ranges still have the instant-heat burners to give the exact shade of heat you need. They still have proven reliability... the same flexibility and the unmatched economy!

Besides being as fine a cooking appliance as you could have in your kitchen, the new automatic GAS ranges are beautiful! Their smart style and modern design will bring sparkling beauty to your kitchen.

See the beautiful new automatic GAS ranges at your dealer or nearest Public Service Company store.

'Big Eye' to Answer Queries of Science

Largest and Most Costly Telescope Will Probe Secrets of Skies

MT. PALOMAR, CALIF. — Described as the world's largest and most costly scientific instrument, the \$3,500,000 Mt. Palomar observatory telescope will begin scanning the skies this spring.

The 200-inch mirror and telescope comprising the "cosmic eye" is expected to: Peer one billion light years out into space; determine whether life exists on Mars; perhaps set a time and date for disintegration of the sun; settle whether there is an end to the universe or whether it is without beginning or end, and study atoms in the great heat of the stars.

The public won't get a chance to see the huge telescope until sometime this summer.

The 5,000-ton piece of equipment is so delicate that the number of workmen and scientists who are putting finishing details to it is limited. Otherwise an excess of body heat might disturb the temperature inside the observatory.

Dome Opens 30 Feet

The 16½-ton, 200-inch glass mirror, moved from the California Institute of Technology to the Palomar observatory last November, now is in place in the 5,000-ton telescope mounting.

The one-million-pound dome opens to the width of 30 feet. It will be through this crack that the "eye" will peer at the cosmos.

The big telescope will make snapshots of the universe as far away as a billion light years, twice the distance that any previous telescope has been able to pierce.

Photographs will be clear, not the dull and blurry long-time exposures customarily seen in observatories.

Probe Secret of Mars

Photographs may reveal whether the canals and dark splotches on Mars mean that life exists on that distant planet.

Many scientists claim that Mars is populated. Many others flatly condemn the theory. The "big eye" is expected to answer the problem.

Scientists know that the sun is subject to violent convulsions that may presage its disintegration and death. Science wants to know whether the end of the sun will mean that the earth will be burned to a crisp or frozen solidly. The big telescope may determine this.

The Palomar photographs also will enable scientists to analyze chemicals on the stars and planets, and to show whether Venus' cloudy atmosphere contains life-giving oxygen or deadly carbon dioxide.

Hangs by Feet to Save Girl

From Car on Perilous Perch

CLEVELAND — With 21-year-old Rosemary O'Malley pinned in the front seat of an automobile dangling by one wheel 50 feet above rail tracks, an army veteran hung by his feet and pulled her to safety.

The driver of the car swerved to avoid another car and smashed through a steel fence where it hung downward with only a rear wheel caught by a post.

Several persons held Hercules Latimer, 40, by his feet as he hung down beside the car, pulled the girl out and handed her to those above.

Baron Works as Lumberjack

In Arizona Pine Forests

FLAGSTAFF, ARIZ. — A titled baron of Sweden, Baron Carl Gabriel Beck-Frills, 26, is learning the lumber business the hard way by working as a lumberjack in the northern Arizona pine forests.

His family owns 40,000 acres of timber and farm land in Sweden and he came to the United States to study American agriculture and forestry methods.

LOSING SOMETHING, MISTER?

If your car is getting a bit loose in the joints, we know how to make her act like a two-year old again.

Our famous Chrysler-Plymouth Tightening-Up Treatment may prevent costly chassis and body troubles later on. Here's what our veteran mechanics will do:

(1) Check spring bolts and shackles—tighten if necessary. (2) Check shock absorbers. (3) Check body bolts. (4) Adjust door bumpers and locks. (5) Check rear-axle U-bolts. (6) Tighten battery hold-down bolts. (7) Tighten rear-axle carrier bolts. (8) Examine U-joint bolts. (9) Check engine mountings. (10)

Tighten front and rear bumper support bolts. (11) Check front wheel bearing adjustments. (12) Check exhaust line system. (13) Check sway bars. (14) Check steering mounting. (15) Check dash panel instruments. Come in and let our expert mechanics check up your car.

UNTIL YOUR NEW CAR COMES ALONG WE'LL KEEP YOUR OLD ONE GOING STRONG!

Fresh Water Food Plant
Tapegrass, a fresh water plant, grows in slow-moving streams in Hawaii. It is used as a food by the Filipinos and others during the cooler months. Tapegrass usually is obtained direct from streams but sometimes may be purchased in food stores. It is believed that the plant was introduced into Hawaii by the Filipinos.

New Synthetic Rubber
A chemist recently has patented a new synthetic rubber, belonging to the neoprene family, but with fluorine substituted for the customary chlorine.
